

## HIGH SPEED FOLD UP DOORS

The Company OCM is specialized in manufacturing of high speed fold up doors.

They are installed in warehouses, work areas, supermarkets etc. in order to seal out wind, cold, heat and insects.

They guarantee a barrier against noise and dust, so these closures are advisable to separate an area in your plant with loud machinery or smoking areas.

Our fold up doors are reliable and help you to save up energy.

They can cover large or small door openings assuring an easy pass-through by your staff or by a fork-lift.

The delivery time is always very fast and the installation is easy and quick, requiring a very little maintenance.

### **OCM Industrial Doors**

Via Mongilardi 3 - 13900 - BIELLA - ITALY  
Tel. +39.015.8408301 - Fax +39.015.8492660
